We are seeking excellent speakers to present exciting, innovative and new topics relevant to EMS, public safety, and rescue providers, educators and administrators.

EMS Update 2019 will be held March 28, 29, and 30 at Seven Springs Resort, Seven Springs, PA.

DEADLINE FOR SUBMISSION IS SEPTEMBER 11, 2018

(proposals submitted after this date will NOT be reviewed)

The Conference Presentation Committee has complete discretion to select or reject any proposal on any basis.

Acceptance of your proposal does not guarantee conference placement. Additionally, no contract is implied nor should be construed by submission of your presentation proposal to WREMS. A separate speaker's agreement will be required if your presentation proposal is accepted. WREMS reserves the right to solicit presentations from a broad spectrum of parties and will not guarantee conference faculty placement for any party. Until a signed speaker agreement is executed, WREMS reserves the right to change all terms.

Courses already approved by the Pennsylvania Bureau of EMS (or in the process of application) for EMS Continuing Education receive priority consideration. To have your presentation reviewed for possible CEU, please register at <https://ems.health.state.pa.us/emsportal/> or contact the EMS West education team.

We encourage you to develop your proposal understanding that:

1. The majority of the students at EMS Update 2019 (~60%) are certified at the EMT level.
2. We are looking for innovative sessions our students will not find elsewhere.
3. Topics presented at previous EMS Update conferences and other local events (one-day symposiums and other regional conferences) have less likelihood of being considered. Sessions approved for other conferences in February and March 2019 in PA should be identified.

The Conference Presentation Committee will review all submissions and will notify all potential faculty members by October 31, 2018.

- Timeliness of the topic and speaker qualifications

Traditionally, our sessions begin as early as 7:15am and run until as late as 6:15pm. Our participants are accustomed to sessions lasting 60 minutes (one hour) in length, including early morning, lunch time and late afternoon. Generally, our participants give low survey grades to sessions that run over their allotted time.

Each presenter will be required to make a disclosure statement about his or her financial relationships and non-financial relationships or lack thereof to the course content being presented.

Please note that we CANNOT provide laptops for your presentation.

Incomplete proposals will not be considered. Proposals submitted after September 11, 2018 will not be considered.
